

NISHKARSH

Software Developer

Gurgaon, Haryana | nishkarsh.codes@gmail.com | +91-9899111675 | linkedin.com/in/nishkarsh-dev | github.com/Nishkarshrj

PROFESSIONAL SUMMARY

Software Developer with hands-on experience building mobile, web, and AI-powered applications using Flutter, Python, Flask, and PostgreSQL. Skilled in designing REST APIs, relational database schemas, and responsive user interfaces, with 3 self-driven projects built end-to-end from backend logic to intuitive UI. Passionate about solving real-world problems through clean, scalable, and maintainable code, seeking a Software Developer / Backend Developer role.

TECHNICAL SKILLS

Languages: Python, Dart, JavaScript, HTML, CSS, SQL

Frameworks & Libraries: Flutter, Flask, REST APIs

Databases: PostgreSQL, SQLite

Tools: Git, GitHub, Postman, VS Code

Deployment & Cloud: Vercel, Railway, Render

PROJECTS

Flip – Productivity Mobile App | Flutter, Dart, SQLite/Shared Preferences, Sensors Plus *Jun 2026 – Present*

- Developed a cross-platform productivity app that automatically starts focus sessions using phone orientation (face-down detection).
- Implemented focus timer, session history, distraction-free workflow, and local data persistence with a modern Flutter UI.
- Integrated device sensors and app state management to deliver an intuitive, real-time focus experience.

InstaCore – Full-Stack Social Media Platform | Python, Flask, PostgreSQL, HTML, CSS, JavaScript, Cloudinary, Vercel/Render

- Built a full-stack social media platform featuring user authentication, post creation, image uploads, profiles, and interactive feeds.
- Designed RESTful backend services with PostgreSQL and integrated Cloudinary for secure media storage.
- Deployed the application with responsive UI and production-ready architecture using Git and cloud hosting.

MeetingMind – AI Meeting Assistant | Python, Flask, OpenAI/Whisper API, OpenRouter, Telegram Bot API *Jun 2026*

- Developed an AI-powered meeting assistant that converts voice recordings into structured meeting summaries and action items.
- Integrated speech-to-text, AI summarization, and Telegram Bot API for automated meeting workflows.
- Implemented secure backend services for audio processing, transcript generation, and intelligent summary delivery.

EDUCATION

Bachelor of Computer Applications (BCA)

S.K. Government College, Kanwali, Rewari | 2023 – 2026

CERTIFICATIONS

- Python Essentials 1 — Cisco Networking Academy (May 2026)
- Getting Started with Generative AI — IBM SkillsBuild (Jun 2026)
- Datacom – Partnering with AI in the Workplace Job Simulation
- Copado AI Certification
